

### Evaluation Methods

Evaluation can show to everyone, your obtained knowledge in your past life.

It can help you **to balance between your knowledge and your certificates** that you need in social activities.

It's clear you need a **true certification** for better actions in business or cultural programs.

IOWHE begins the logical evaluation process by looking to your past experiences and the derived knowledge from it.

Also, IOWHE can do evaluation your researches by **REbD** method!

In the end, the result of IOWHE is the persons who are with more confidence and more successful in their life.
